

Introducing

DEDICATED

by I.W.S.A.

WANT MORE FROM YOUR X-CART PRO HOSTING?

Introducing **X-Dedicated** - an exciting new level of hosting, exclusive to X-Cart Pro hosting clients. We now offer a dedicated server option, where only X-Cart Pro sites will be hosted

So what does it mean for your business?

- **LOAD TIMES** :: **Faster sites result in more sales** - especially when customers start the checkout process which runs entirely on PHP pages?

More than half page load times with our new X-Dedicated hosting - ALL pages of your site will load in seconds, all the time! This means both PHP and HTML pages.

We invite you to undertake these quick tests yourself:

Go to your site (ensure to visit the PHP version)
eg www.yourdomain.com/home.php OR www.yourdomain.com/shop/home.php etc
Now visit this site hosted on a dedicated server:
<http://www.camelothorserugs.com.au/home.php>

Next visit a free online analyser at:
<http://www.submitexpress.com/analyzer/>

- (1) type in your site and check results
(scroll midway down page to 'Web page analysis')
- (2) type in <http://www.camelothorserugs.com.au/home.php> and compare the results

**ATTENTION
EXISTING
X-CART
OWNERS**

- **SHARING** :: Share a server setup exclusively for X-Cart Pro rather than being part of a shared hosting environment with 1000's of other sites.
- **CONFIGURATION** :: The server is custom configured to suit the ideal operational needs of X-Cart Pro.
- **SHOPPER SECURITY** :: Shared SSL for exclusive use to X-Dedicated hosting clients (registration and checkout pages can therefore be encrypted as always) or simply move your current certificate with your site to our server
- **SERVER UPTIME** :: 99.9% uptime guarantee including SLA
- **SERVER SECURITY** :: As part of our agreement with our hosting partner, they will be maintaining the servers to an optimal level including routine security updates and patches.

- **MAIL** :: Maintain your existing 'TheConsole' account
- **SUPPORT, BACKUP & REDUNDANCY** :: Hosted in a world class datacenter based in Sydney for superior service and support, 24/7 technical assistance is only ever a phone call away (this is specialised technical support service for dedicated servers only). Raided server and regular backups means complete redundancy in event of system failure - the server simply switches over to mirrored drive or backup is used.

What will it cost you?

We are offering three levels of X-Dedicated hosting - the only difference in the levels is the number of POP email accounts offered.

X-DEDICATED PRO <i>Economy</i>	X-DEDICATED PRO <i>Business</i>	X-DEDICATED PRO <i>Enterprise</i>
<ul style="list-style-type: none"> • 5GB webspace • 15GB data transfer* • 5 x 100mb POPs • Aliases/Catchall • Webmail • Anti-Virus • Anti-Spam • Webstats • Databasing • Scripting • Shared SSL • Unlimited phone & email support <p>\$89.95 per month</p>	<ul style="list-style-type: none"> • 5GB webspace • 15GB data transfer* • 25 x 100mb POPs • Aliases/Catchall • Webmail • Anti-Virus • Anti-Spam • Webstats • Databasing • Scripting • Shared SSL • Unlimited phone & email support <p>\$99.95 per month</p>	<ul style="list-style-type: none"> • 5GB webspace • 15GB data transfer* • 100 x 100mb POPs • Aliases/Catchall • Webmail • Anti-Virus • Anti-Spam • Webstats • Databasing • Scripting • Shared SSL • Unlimited phone & email support <p>\$109.95 per month</p>

* Per month allowance - excess bandwidth charges - \$10 per GB

EXISTING X-CART CLIENTS PLEASE NOTE

Given your existing X-Cart Pro site/s will need to be relocated from the shared server to the X-Cart dedicated server environment, a one-off fee of up to \$299.00 is payable per site (slightly more if security & MySQL/PHP patching is required), in conjunction with hosting costs. Once moved, you will commence a new hosting period.

NOTE: Hosting is invoiced quarterly or annually. If you are using a dedicated SSL certificate, an additional \$5.50 per month is applicable in addition to hosting costs.
